GERMANY WILL FALL IN LINE

Her Position is Clearly Defined.

A Saxon Not a Latin Nation.

Even the Delay in Proclaiming Neutrality is Based on Friendly Feeling.

Copyright 1898 by the Associated Press.

FRESNO, April 30.—Public attention is

so engrossed with the Hispano-American

struggle that the rearing of the reichstag

and the Prussian diet has been almost

unnoticed. The newspapers print

entire pages of war news from all

parts, mostly unreliable, and much of it

is unfavorable to the United States.

Extra are repeatedly issued alleging

great naval disasters to the Americans.

One of the worst offenders announced on

Wednesday evening last that four

American warships had been blown up

(giving among the victims a fictitious

ironclad) off Buenos Ayres. As a whole,

however, the German press has ceased

its hostile tone towards the United

States. For this change the government

is entirely responsible, as all the news-

papers which are in the habit of obtain-

ing information from the foreign office,

which includes all papers of importance

in the empire, were this week given a

hint to stop this abuse of the United

States as being directly opposed to the

government's attitude, besides being un-

patriotic and politically unwise.

This point was effective and to a line

directly hostile to America has since

been pointed in any paper.

The correspondent of the Associated

Press notes that several newspapers,

notably the Frankfurt Zeitung, have

adopted a distinctly friendly tone re-

specting the war.

LATIN AND SAXON.

The fact that Paris, Rome and Portu-

gal newspapers, which are even united

in unfriendliness to the United States

German newspapers were all pointed out

that the war is a conflict of the Latin

against the Anglo-Saxon, also has had

some effect in bringing about the quick

change in Germany, and some of the

formerly most hostile newspapers are

now emphasizing the German attitude

of Germany as entirely on the side

of America. For instance the Berlin

Post, which enjoys close relations

with Prince Hohenzollern, the Imperial

Chancellor, and which hitherto has

roundly abused the United States as

an enemy, has recently changed its

tone and declares that it is now

clearly to Germany's interests to side

with the allies of France.

FORECASTING THE WAR.

Among a mass of articles dealing

with the war, the Neue Zeitung, a fa-

vorite army paper, publishes an article

contributed by Major Scheibler, who

judging from personal experience dur-

ing the civil war in the United States,

says:

"The Americans may incur serious

reverses at the commencement of hos-

tilities, and unless they are strong

enough to resist the first blows, they

will be unable to maintain the war

which I think very doubtful, the war

will drag along for years and cost Amer-

ica much more blood and treasure than

her people believe possible."

Herr Liebknecht, the socialist leader,

writes as follows:

"The war means a new grouping of

the powers. Henceforth Europe will

have to reckon with the United States

as a decisive factor in the world's poli-

tics. If the German government is

blind, it must open its eyes to this fact

and shape its political course accord-

ingly."

NEW TRIPLE ALLIANCE.

In concluding Herr Liebknecht says:

"The United States, as well as Great

Britain, has been preparing to form

during the year past, the newest tri-

ple alliance, the United States, Great

Britain and Japan. If it is effected it

means the end of the European power

in the old world."

In the Reichstag also this week, dur-

ing the debate upon the Kiau Choo

affair, Herr Liebknecht told the gov-

ernment that while they had not infor-

med the Reichstag of it, he knew that

during the Japan war the United States

had informed European cabinets that

it had entered into an agreement to

guard in the far East than all the European

powers, Great Britain excepted, and

whatever was done in the far East, the

United States must be consulted. This

statement was contradicted by the gov-

ernment.

GERMAN INTERESTS AFFECTED.

The war is already seriously affecting

German interests. The increase in the

price of cereals since April last is greater

even than the rise in New York and Chi-

cago. Wheat has risen from 158 marks

to 221, the highest in recent years, the

effects of which are much felt by the

poor. The price of meat also is un-

usually high.

German exporters have decided that

henceforth they must insure against war

losses. Premiums now range from 1/2

to 3 per cent.

Exporters of Berlin, Chemnitz, Klin-

genau, Barmen, Bielefeld, Gera, Mar-

burg and Mulhausen have received com-

mands for most of their American

orders.

German merchants at the shores and

Philippine islands have asked the for-

eign office for protection.

GERMAN NEUTRALITY.

The United States embassy does not

regard the fact of Germany's not resolu-

ing a declaration of neutrality as indica-

tion of unfriendliness, but rather the

reverses; while it reiterates that the

minister for foreign affairs, Baron Von

Low, has been repeatedly assured, some

of which have been quite recent, that

Germany will observe the strictest neu-

trality, not only now, but throughout

the war, and that the most friendly

feelings of the German government for

the United States and the people of the

United States are upon the subject the

ambassador, Andrew D. White, has

stated that there is absolutely no

reason to expect anything but fair and

impartial neutrality from Germany,

which is all the United States wanted or

expected."

As a matter of fact, Germany's de-

cision not to formally declare neutrality

means nothing more or less than that,

while it leaves the government's hands

free, it is expected to enable German

merchants to reap a harvest by selling

freely to both combatants. At the same

time it may be gathered from the fact

that Spain strenuously sought to induce

Germany to proclaim neutrality, that she

regards neutrality as conducive to

her interests.

PAPAL NEUTRALITY.

Mr. White, while at Dresden, had

several conversations with the papal

ambassador, Mr. Lorenzini, who told him

that the Vatican had been ill-advised in

its recent attempt at mediation. Con-

tinuing, Mr. Lorenzini said: "What

the Pope ought to have done was to in-

duce Spain to the Pope, who, he

stated, it is the duty of the Pope to

bring about."

Despite doubts, it is a fact that many

well known German officers, whose

aristocratic names, if published, would

create a sensation in the United States

at the United States embassy for per-

mission to join the American forces. A

large percentage of the American offi-

cers are no fools, and to offer their

services to the government.

The German-American club of Berlin

at a special meeting this week adopted

resolutions expressing sympathy and

encouragement "in the righteous war

against tyrannical Spain."

On Wednesday, April 29, Wednesday,

exhaustively debated the question of

American meat imports. Members

characterized American meat inspection

as a hoax. They said the meat was

affected with trichinosis and preserved

in acid, which was ruinous to health,

and pleaded in favor of their total ex-

clusion.

The minister of agriculture, Baron

Von Hammerstein, Leuten, then an-

nounced that an imperial decree to that

effect, which would be valid throughout

Germany, was to be passed.

It is understood that a bill to this

effect will be presented to the Reichstag

and passed before adjournment.

At hard-times prices. A good assortment of Cook Stoves, Refrigerators, Kitchen Sinks, etc.

950 I Street, Opposite Hughes Hotel.

WAR! WAR!! WAR!!!

I want to enlist when that second call for 500,000 volunteers comes. I served 6 years as a private in Co. C and wasn't offered a Corporal's place even though Captain (now General) Muller offered to make me a Lance Corporal if I would serve 6 years longer, consequently I will have to go as a private at \$13 a month. Everybody knows that a family of 6, to say nothing of the dog with two broken limbs and other inconveniences, cannot live luxuriously on a private's salary. I must therefore have a chance to lay by a few dollars prior to the time I don't want to go in. In order to do this, I want a share of the insurance business of this vicinity. My combination is the Union, the Lion and the German Alliance Insurance companies, and they're all right. The American Union, the British Lion and the German Alliance may be the line up in case the scramble now on becomes universal, and they will be all right, too.

It don't cost you any more to insure with me than with the others, and I need the business. If I don't have to go to war I'll pay you back all I make and more in case you have a loss.

If you have overlooked me, please don't let it occur permanently.

J. C. McCabe, administrator of the estate of Andrew Showers, deceased, yesterday took out an injunction against the Las Pasa vineyard to prevent the latter from interfering with certain grapes under litigation.

Summer excursion tickets at greatly reduced rates to Santa Cruz, Monterey, Capitola, etc.; also to Los Angeles, Long Beach, Santa Monica and Catalina Island now on sale. Call at Southern Pacific uptown office, corner J and Mariposa streets.

Ladies' Fine Stationery.

All the latest and newest styles to suit the most fastidious at Riege's Book Store.

A Modern Art Store.

Special study made of artistic and appropriate picture framing. Plaster, the sign painter, 118 S. Street.

Push.

A short word, but in it, an every prosperous business man can realize, lies the key of success. A striking example of this is found in the rapid growth and popularity of the Golden Rule drug store, 1730 Mariposa street. Its proprietor, Dr. Smith, has won for it the enviable reputation of being among its leading drug stores in Fresno.

The propensity with which the Doctor is always ready to use his knowledge of medicine for the benefit of his customers, free of charge, has no doubt contributed largely to his ever increasing popularity. The remarkable success and skill with which he treats all cases of malaria, chills and fever, and all Summer complaints so prevalent at this time of the year, has won for the Doctor a reputation and a name among all classes, which any medicine would be proud of. The Doctor carries in stock all the requisites for a first-class drug store at prices which in comparison with the charges of competitors are exceedingly moderate and reasonable.

As an example he quotes best pure quinine at 5c oz., others charge 75c. Everything else in like proportion. In all articles sold as well as in all his treatments the Doctor guarantees complete satisfaction.

PRIDE IN THE CITY

Ladies Want the Cemetery Road Improved.

Representatives of Its Clubs Met Yesterday—Recommend Receptacles for Rubbish.

The joint committee of the ladies from the women's clubs, which was appointed as the result of the meeting of the clubs the Hundred Thousand Club a week ago Thursday to devise ways and means for beautifying the city, met yesterday afternoon at 2:30 o'clock in the parlor of the Hughes hotel. The ladies present were Miss Nellie Boyd, Mrs. Dr. Aiken, Mrs. Coleson, Mrs. Orlington, Mrs. Gardner, Mrs. L. O. Stephens and Mrs. Dr. Pedlar.

The committee organized by the selection of Mrs. Dr. Pedlar as chairman and Mrs. Coleson as secretary. M. V. Ashbrook and J. M. Collier were on hand to represent the Hundred Thousand Club.

The ladies decided that the first improvement that should be urged was that of the cemetery road, which is in a disgraceful condition. The ladies agreed that the respective clubs which they represented would furnish the trees and shrubbery to ornament the avenue if the Hundred Thousand Club would undertake seeing them out. Messrs. Ashbrook and Collier assured the ladies on behalf of the Hundred Thousand Club that that organization would attempt that part of the work.

The trees cannot be planted until next spring, but in the meantime efforts will be made to have the road graded and otherwise improved. The supervisors will be urged to provide for the work, but if they refuse the citizens will be asked to subscribe toward the much needed improvement.

The ladies soundly condemned the practice of dumping rubbish on the sides of the road.

Miss Nellie Boyd made a suggestion which the City Trustees will be asked to adopt. It was that receptacles be placed at convenient places on the streets, into which papers and other light rubbish might be thrown instead of being scattered on the streets. The ladies decided to go before the City Trustees at their next meeting and ask them to adopt the suggestion.

The fair market was also discussed and the present location was condemned. It was stated that every woman in town was opposed to the hay market on the side of the park. Now that the ladies and children will spend the afternoons in the park it was thought that action should be taken to remove the market and thus do away with the unsightly odor which is carried into the park.

The committee adjourned to meet again two weeks from tomorrow.

A. O. U. W. PICNIC.

Will Have a Good Time on Kings River Thursday.

The basket picnic to be given under the auspices of the several A. O. U. W. lodges of Fresno, Tulare and Kings counties, promises to be a great success. Several thousand people will attend and a fine musical, literary and athletic program has been promised to amuse the crowd.

A committee will request the stores in Fresno to close in order to give the picnic party a special opportunity to attend the picnic.

The Valley road excursion train from Fresno will have people right on the grounds, which are located at a point on Kings river, twenty miles south of here. The first train will leave at 7:30 o'clock and the next at 10:30. Returning, the train will leave at 1:30 and 3:30 in the afternoon. A train will also come up at night. The fare will be 75 cents for adults and 45 cents for children for the round trip.

A Letter From Sheep's Camp.

Recorder A. M. Clark received a letter yesterday from James Enry, who is on the way to Sheep's Camp. Enry was at Sheep's Camp when the snow slide occurred and buried nearly one hundred persons. He saw the snow slide and says that it was a grand sight. Large trees were leaning over the ground. He says that a number of Fresno prospectors were in the canyon, but fortunately they were in a part not covered by the snow. His letter was dated on the 2nd inst. and he says that Clarence Berry's party had arrived at Sheep's Camp on the day before.

Bryant Canicle.

James Bryant, the efficient assistant Santa Fe agent in this city, was married in San Francisco last Tuesday to Miss Gertrude Banning Canicle of Cedar Rapids, Iowa. The ceremony was performed by Rev. W. H. Morgan of St. Luke's Episcopal church. The bride and groom returned to Fresno yesterday and will live at 1744 N. Street.

Passed the Examination.

E. A. Williams, deputy district attorney, and M. B. Harris were admitted to practice by the supreme court commissioners at the examination held this week in San Francisco. Forty-eight out of seventy-two of the would-be lawyers were successful. Both Mr. Williams and Mr. Harris passed very creditable examinations.

Silk Special.

Read the advertisement of Louis H. Tringoli, the leader in low prices, in today's Republican, if you are interested in knowing the lowest prices in Summer silks.

The Tirol is the only place in Fresno to get the genuine Tirol female.

TELLS HIS STORY

Worthington's Account of the Motley Killing.

The Manslayer Testified He Believed His Life Was in Danger.

Charles Worthington took the stand yesterday morning and told the story of the killing of W. L. Motley. The testimony of the defendant and that of the doctors who attended to the scalp wound inflicted by young Motley in the previous difficulty, was all that the defense offered, and by that evidence it is hoped to make out a case of self defense.

Worthington's account was in accordance with the testimony given by the witnesses for the prosecution, as far as the latter went, but as to what occurred immediately preceding the shooting, he was the only one who could testify. After the fight Worthington went to the house and in an excited manner asked the Jap to give him the gun. Then he went to the hall of the house and there waiting, his first contradiction of the prosecution was made. As to the length of time he waited in the hall, he said that he was there but a few moments when he saw Motley approaching. The prosecution's theory is that Motley was going to the house to get the milk pail, as he called the cows and the Jap was waiting for him. Worthington swore that he told Motley to stop as the latter started to go up the steps, but that Motley called him a coward and declared he'd run him off with a hatchet. Worthington testified that he carried his right arm as though his hand was in his coat pocket, although the witnesses could not see. From the position of Motley's hand and his threats Worthington believed that his life was in danger, and he shot.

The physicians who dressed Worthington's wound in the head were then called and testified as to the extent of the gash, after which the case closed.

An adjournment was then taken until tomorrow, when the argument will be made. It was agreed that the case should go to the jury tomorrow night. District Attorney Snow will make the opening argument for the prosecution, and will be followed by N. C. Caldwell and Frank H. Short for the defense, while S. J. Hinde will make the closing argument for this prosecution.

A NEW MINING COMPANY

To Develop Rich Properties in El Dorado County.

There has just been incorporated a mining company consisting principally of Fresno citizens. The names of the incorporators are well known throughout the San Joaquin valley, and their reputations as business men are such as should command the confidence of investors and the public generally.

In view of the very marked success which has attended similar mining enterprises here within the past two or three years, and the most remarkable endorsements of these mining properties recently, the San Joaquin Mining Company should at once come into public favor.

The following are the names of the incorporators: General M. W. Muller, commanding the Third Brigade, N. G. D., ex-State broker, Dr. A. J. Pedlar, State Senator, ex-Superintendent of the State Prison, T. J. Kirk, County Superintendent of Schools; D. L. Everitt, of the firm of Everitt & Bowing, attorneys-at-law; A. Albrecht, real estate and insurance; J. W. Short, editor of Fresno Republican; C. A. Santuck, resident representative of the United Fruit Company; A. M. Maitland and United Fruit Company; J. W. Short, editor of Fresno Republican; W. H. Hammond, Mayor of Visalia and County Clerk of Tulare county; O. S. Young, ex-State Mineralogist (ex-officio) of Nevada, well known as a right of way agent of the San Francisco & San Joaquin Valley Railroad; and H. J. Jackson, former superintendent of the Union Consolidated and other mines at Virginia City, Nev., and owner of various California mines at the present time, is also to be interested in the company and to be the superintendent of the mines.

The names of the officers elected for the first year are as follows: Dr. A. J. Pedlar, president; O. L. Everitt, vice president; A. Albrecht, secretary; Bank of Central California, treasurer; D. H. Jackson, superintendent.

W. C. T. U. WORK.

Chatty Letter From Oakland.

Miss Ackerman, the "Round the World" Missionary to Visit Fresno.

To the White Ribboners of Fresno county, greeting:
Arriving at Oakland in the very heart of Easter-tide, heart and hand were so filled with the joy of the season that it is small wonder I forgot there could be any need of my writing the weekly budget.

The great churches filled to overflowing, the flowers and music and grand sermons, emphasized by big collections, seemed quite enough to turn the head of your rural reporter and cause her to feel, for a day at least, that the millennium was near at hand.

When Dr. Brown asked his congregation to make an Easter thank-offering for the benefit of a sister church in need of help, and the response was a true offering of \$470.17, I felt that the First Congregational church of Oakland had given very strong proof of their faith and practical piety, and this was only one of the many churches whose response to the gladness of the day came in such substantial thank-offerings for illuminating the golden rule.

Miss Jessie Ackerman, our "round the world missionary," occupied Dr. Coyle's pulpit Sunday evening, a week ago. She was introduced by the pastor in his own gracious manner, and for over an hour held that vast audience in the closest attention while she portrayed the awful results of legalized vice from opium-smoked China to Rum-ridden America.

Picture after picture was presented to the audience by a clever painting as skillful as the touch of a master hand, which, by a few strokes of the pencil, can transfer a scene of splendor or sorrow to his sketch book. It was a wonderful thing to see the congregation, accustomed to the persuasive eloquence of Dr. Coyle, listen without a sign of weariness to the vivid tales.

The final collection was taken at the beginning of the service and at the close of Miss Ackerman's address she asked that another collection be taken to help the W. C. T. U. in their efforts to make the world better. Their White Ribboners felt that but little would be given, as no collection had been said about a second collection, and they were very happily disappointed by the very generous response made to the appeal for help, and Miss Ackerman said the pleasure of carrying over thirty-five dollars to our treasurer.

Miss Ackerman returned to California to be celebrated by a missionary congress to be held under the auspices of the California Woman's Christian Temperance Union, on May 20th, at the Oakland church, San Francisco. It will be a great day, filled to the brim with the best efforts of our best workers. Immediately after this meeting Miss Ackerman goes to Fresno, where I am sure she will be received with a warm welcome, not only by the White Ribbon Brigade, but by all Christian people acquainted with her successful missionary tours around the world. It is a privilege to speak in Fresno, for the country union send large delegations that all our unions may receive the benefit of this wise woman's teaching.

I had the pleasure of hearing Mrs. Isabel Wing Laine a few days ago. She is our national superintendent of women work, and is one of the noblest women in the world. I trust our union there will secure at least one evening for her special W. C. T. U. work. They cannot afford to miss it, as it is a compliment to the work of Mrs. Laine and it will illustrate the need of just such mission work. Mrs. Laine is accompanied by her secretary, Dr. Giesel, and I trust Fresno will honor herself by honoring these women as they pass on their tour of inspection.

Monday evening the First Congregational church was the scene of one of our best services. The platform was filled by the leading preachers of the city. Dr. Brown presided, and in a ringing speech announced himself as ready to go to the open spaces and a friend to every temperance worker.

Dr. Dille, Chapman, Hobart and others spoke in an unusual voice, awakening a great deal of interest and securing a large collection to carry on the work. Dr. Chapman has resigned his pastorate of the Market Street Congregational church to take the leadership of this great war on the open spaces.

Wednesday evening was given by Dr. Coyle's church to a similar meeting, and all the large churches will follow. Given the preachers we have the churches, and the union of the Christian workers of our land is all that we need to win a splendid victory over our greatest enemy of our land. Our White Ribbon bands stand ready to follow, and as ready to follow as to lead, if only they may strike for God and home and native land.

MARGARET B. PHELPS,
Superintendent Fresno county W. C. T. U. press work.

Fruit and Grain Markets.
SAN FRANCISCO, April 30.—The following are prices furnished by the San Francisco Fruit Exchange. Jobbing:

GRAPE FRUIT.
New crop in market—Alicante 50¢ per pound for Royal, 70¢ for Moorpark; pines, carloads, 40-50¢ 3/4; 50-60¢ 3/4; 60-70¢ 3/4; 70-80¢ 3/4; 80-90¢ 3/4; 90-100¢ 3/4; 100-110¢ 3/4; 110-120¢ 3/4; 120-130¢ 3/4; 130-140¢ 3/4; 140-150¢ 3/4; 150-160¢ 3/4; 160-170¢ 3/4; 170-180¢ 3/4; 180-190¢ 3/4; 190-200¢ 3/4; 200-210¢ 3/4; 210-220¢ 3/4; 220-230¢ 3/4; 230-240¢ 3/4; 240-250¢ 3/4; 250-260¢ 3/4; 260-270¢ 3/4; 270-280¢ 3/4;
